This WIOA Training Program Application Package is ISSUED ON 4/1/2024 and will remain open until otherwise posted by the Hampton Roads Workforce Council.

The Application Package will be posted on the HRWC Official Website at www.theworkforcecouncil.org.

Applications will be reviewed on a biannual basis. For example, applications submitted April – September 2024 will be reviewed during the October – December 2024 calendar quarter. Applications submitted October 2024 – March 2024 will be reviewed during the April – June 2024 calendar quarter.

NOTE: This Application Package is for New and Current Training Providers for New Training Programs to be approved for a one (1) year period of Training Program Initial Eligibility. Thereafter, continued approval for Training Programs will be based on an Annual Recertification Process and predicated on successful participant outcome performance and continued labor market demand.

I. PURPOSE

The purpose of this document is to outline a process for interested training providers to propose specific occupational skills training programs for possible inclusion on the Hampton Roads Workforce Council's (HRWC) Approved Individual Training Account (ITA) Training Programs List as approved by the HRWC Board of Directors. Approved programs will be eligible to receive **Vouchers** for eligible customers to receive training from the Virginia Career Works – Hampton Roads Region System, otherwise referred to herein as the "One-Stop System." For the purpose of this Application Package, a program of training services is defined as one (1) or more courses or classes, or a structured regimen that leads to the award of a recognized postsecondary credential based on measurable skill gains, as defined under Section VII. (K).

Note: Training Programs, regardless of the occupational area, that are designed to result in a Bachelor's Degree or above will not be considered, unless the proposed program is for a Bachelor's Degree in Registered Nursing.

HRWC is **only** interested in occupational skills training programs directly related to occupations in the Healthcare; Information Technology; Transportation, Distribution and Logistics; Construction Trades; Manufacturing; Education; Business; Ship Building and Repairs; and Tourism and Hospitality Industry Sectors. Training in areas not listed above such as Cosmetology and Barbering can be provided through the use of On-the-Job Training (OJT) Contracts, either in support of a Registered Apprenticeship Program or as a “stand – alone” training option, based on employer demand and in accordance with the HRWC OJT Policy. In addition, training services may be provided by HRWC through Customized Training (CT) Contracts and Incumbent Worker Training (IWT) Contracts, based on employer demand and in accordance with the HRWC’s CT and IWT Policies. OJT, CT and IWT training options are not covered under this ITA Application Package. Information regarding such training options can be provided by contacting Amanda Rafferty, HRWC Senior Director of Operations, at either 757-314-2370 or arafferty@theworkforcecouncil.org.

In addition, HRWC is only interested in receiving Application Packages from providers of distance learning training programs that have a physical “bricks and mortar” presence in the Hampton Roads region or have a demonstrated history of WIOA performance outcomes success in the region.

Programs approved by the HRWC Board of Directors under this Application Package will also be included on the Virginia Eligible Training Providers List (ETPL).

This Application Package is open to both new and current training providers (with certain limitations as noted above) and is issued in order to establish Initial Eligibility for inclusion on the Virginia and HRWC’s Approved Training Programs Lists, in accordance with Virginia Board of Workforce Development (VBWD) Policy #404-01 and Virginia Workforce Letter (VWL) #16-06, Change #1. Training programs approved under this Application Package will receive Initial Eligibility for the period of one year. These documents can be found at: <https://viriniacareerworks.com/practitioners-corner/>. In addition, the ITA Program is conducted in accordance with HRWC ITA Policy, which can be provided upon request. Continued Eligibility for approved programs to remain on the aforementioned lists will be based on the demonstration of satisfactory performance and continued labor market demand.

II. HAMPTON ROADS WORKFORCE COUNCIL

The Hampton Roads Workforce Council (HRWC) is a regional workforce development organization representing the communities of Chesapeake, Franklin, Gloucester County, Hampton, Isle of Wight County, James City County, Newport News, Norfolk, Poquoson, Portsmouth, Southampton County, Suffolk, Virginia Beach, Williamsburg, and York County. As the operating arm of the HRWC Board of Directors, the mission of HRWC is to provide the talent employers need to grow the economy that helps everyone thrive. The HRWC is issuing and administering this ITA Program Application Package on behalf of the HRWC Board of Directors.

III. TYPES OF ELIGIBLE TRAINING PROVIDERS

- A. Post-secondary Educational Institutions.
- B. Registered Apprenticeship Programs recognized by the Commonwealth of Virginia Department of Labor and Industry.
- C. Providers of Adult Education and Literacy activities under Title II of WIOA, if these activities are provided in combination with Occupational Skills Training.
- D. Providers of a Program of Occupational Skills Training services that under Section 23-276.2 of the Code of Virginia that are exempt from certification as a post-secondary school, such as a professional or occupational training program regulated by another state or federal government agency **other than** the State Council of Higher Education for Virginia (SCHEV), or any school, institute, or course of instruction offered by any Trade Association or Nonprofit Affiliation of a Trade Association on subjects related to the trade, business, or profession represented by such association. (A list of exemptions is shown on Attachment E.)
- E. Other Public and Private Providers of Occupational Skills Training that are authorized to operate as a school for the proposed training program(s) by a cognizant entity of the Commonwealth of Virginia.

Providers under Categories A., C., and E. must provide evidence of active certification by the appropriate state agency to operate or must have program approval from an applicable state agency in order to be considered for approval under this Application Package. (A list of certifying agencies is shown on Attachment D.)

Providers under Category B. will be granted approval under this Application Package following confirmation by the Virginia Department of Labor and Industry that the sponsoring employer and apprenticeship related instruction have been recognized by the Commonwealth, are active and in good standing. Additional information and specific submission requirements related to Registered Apprenticeship Programs is contained in Virginia Board of Workforce Development Policy #404-02 which can be found at <https://viriniacareerworks.com/practitioners-corner/>.

Additional HRWC Requirements:

Applicants must be able to fully deliver a proposed program(s) at the time of their Application Package submission. Applicants that are in the planning process of a proposed program(s) will not be considered under this Application Package.

Additionally, any program(s) being proposed for ITA consideration must have been actively operating for a minimum of one year prior to submission or, as an exception, have a demonstrated history of successful active enrollments, completions, and training-related placements with local businesses inside of the last twelve months. Documentation, including local employer references, in support of this twelve-month operational exception must be submitted at the time of application.

Please see Attachment K for a list of possible reasons a vendor's application may not be approved locally.

Note: If an application does not technically meet one or more of these additional requirements, HRWC may still recommend conditional approval, on a case-by-case basis, based on the particulars of each situation and the merits of the total application. Applications approved under this conditional approval will be monitored on a quarterly basis for the first year of initial eligibility to ensure all performance requirements are being met.

NOTE: When proposing occupational skills training programs under this Application Package, it is critically important that the "Official" name of the course/curriculum (whether an individual course or a batched series of courses as registered under one training program name) be carefully identified and consistently referenced throughout the Application Package submission. If a specific occupational skills training program involves a series of individual courses that a participant must separately register for, then each course must clearly be identified and itemized using the school's correct name, course number, etc. Doing this correctly at the front-end, will allow all components of the HRWC ETPL/ITA System (i.e., initial program approval, billing, invoicing and payment, performance tracking and reporting, next year certification for continued ETPL eligibility) to seamlessly work together throughout the year. If internal inconsistencies presently exist with the naming conventions of courses/classes within different offices (registration/accounting, training campus) at the referenced school/training provider, then confusion must be reconciled internally prior to submitting the ITA Application Package to HRWC.

IV. APPLICATION PREPARATION AND SUBMISSION REQUIREMENTS

A. General Requirements

Applicants must submit the fully completed Application Package and all required attachments to HRWC at itaapplications@theworkforcecouncil.org. If an applicant is unable to email a completed application, hard copy applications will be accepted at the HRWC office, located at the address listed below:

**Hampton Roads Workforce Council
Dominion Tower, Suite 1314
999 Waterside Drive
Norfolk, VA 23510
Attention: Amanda Rafferty, Senior Director of Operations**

Application Packages must be signed and dated by an authorized representative of the Applicant organization and must include all required attachments. Application Packages that are substantially lacking key information or are incomplete, as determined by HRWC, may not be considered.

B. Occupational Demand Information

Proposed training programs must be for occupational areas that are currently in demand in the Hampton Roads Region. Applicants are encouraged to provide Labor Market Information to support the demand for each proposed program(s). This may take the form of statistical data from a qualified source or a survey of at least twenty (20) industry-related local employers.

C. Performance Information Submission for Initial Eligibility

VWL #16-06, Change #1 asks that interested training providers submit performance information for all program participants with regard to the four (4) metrics stipulated under Section A. on page 4 of that VWL. These metrics are as follows:

1. The percentage of program participants who are in unsubsidized employment during the 2nd quarter after exit from the program.
2. The percentage of program participants who are in unsubsidized employment during the 4th quarter after exit from the program.
3. The median earnings of program participants who are in unsubsidized employment during the 2nd quarter after exit from the program.
4. The percentage of program participants who obtain a recognized post-secondary credential or a secondary school diploma or its recognized equivalent during program participation or within one (1) year after exit from the program.

VWL #16-06, Change #1 can be found at <https://viriniacareerworks.com/practitioners-corner/>.

If this performance information is currently maintained, submit it for each proposed program as an addendum to the application package.

If the aforementioned performance information is not available, please indicate such at the bottom of the Training Provider Application Form (Attachment A) for each proposed program, as a Note.

NOTE: The inability to provide the aforementioned information for the purpose of this Application Package submission will not be cause for the denial of a proposed program(s). **However, please see Section VII of the Application Package for Mandatory Training Provider Program reporting requirements going forward.**

V. TRAINING FUNDS AND ITA PROGRAM DURATION

The current maximum amount of Workforce Innovation and Opportunity Act (WIOA) funds available for authorized combined ITA training tuition and training related costs for WIOA training service customers is up to \$8,000 in total, for up to two (2) consecutive years of training in an approved program. WIOA eligible Out-of-School Youth may also be served by programs approved under this Application Package, as determined by HRWC. Training funds must be leveraged to the fullest extent possible with other forms of federal Financial Aid, such as Pell Grants, etc. for those customers who have access to such and meet the qualification requirements. Tuition payments may not exceed the authorized rates for In-State Residents, where applicable.

The maximum duration for any HRWC ITA training program is limited to up to two (2) consecutive years (twenty-four (24) consecutive months), unless otherwise authorized by HRWC. It is expected that a customer be able to fully complete the program requirements and qualify for the related credential, diploma, license, or certificate within the required duration for their specific ITA training program, not to exceed the aforementioned overall program duration. Planned breaks in training for any reason that is not health related are not authorized. All planned breaks must receive prior approval from HRWC.

VI. INCREMENTAL PAYMENTS

HRWC will make incremental payments of the total authorized tuition amount, based on a payment schedule developed by HRWC, unless otherwise agreed. Applicants may propose Incremental Tuition Payment Plans for consideration as part of their ITA Application Package submission, as applicable and appropriate.

VII. REPORTING FOR ALL STUDENTS

Department of Labor (DOL) Training and Employment Guidance Letter (TEGL) 03-18 requires that training providers report performance information for **all students** who enroll in **any training program listed on the Eligible Training Providers List (ETPL)**, whether the student received WIOA funding or not. This is an annual process for the period July 1 to June 30 of each year. The required performance outcome measures are as follows and must be tracked and reported by training providers on an individual training program basis:

- ✓ **Total Enrolled** - Total number of ALL students who were enrolled in each program of study. Defined as active in training.
- ✓ **Total Exiters** - Total number of ALL students who completed, withdrew, or transferred from each program of study. Defined as training ended.

- ✓ **Median Earnings 2nd Quarter After Exit (6 months after exiting)** – For the total number of ALL students in each program of study who were employed in the 2nd quarter (6 months) after exit, the wage that is the midpoint between the highest and lowest wage earned during the 2nd quarter after exit.
- ✓ **Average Earnings 2nd Quarter After Exit (6 months after exiting)** – Average Earnings for ALL students in each program of study who were in unsubsidized employment during the 2nd quarter (6 months) after exit.

Applicable to all ITA Providers approved under this Application Package, the aforementioned performance measures information must be reported for each individual training program for ALL students enrolled in Any HRWC Approved Training Program(s), **NOT JUST THE STUDENTS FUNDED BY HRWC**. Reporting will be to the State on an annual basis.

Specific submission requirements for the above required information will be provided by the State. However, training providers must be prepared to meet the aforementioned tracking and reporting requirements for the annual report submissions. Technical assistance for reporting will also be provided by the State.

ITA vendors **are not** guaranteed any minimum number of customer referrals and/or customer enrollments under this relationship. However, the ultimate right of selection of referrals from HRWC for acceptance into a vendor's program rests with the vendor, and in that regard, ITA vendors should conduct their own assessments of referrals in order to determine appropriateness for program acceptance. ATTACHMENT J INDIVIDUAL TRAINING ACCOUNT LOCAL PROGRAM CRITERIA

The Hampton Roads Workforce Council (hereinafter referred to as the Council), is the local provider of training and employment services which are federally funded under the national Workforce Innovation and Opportunity Act (WIOA) or other similar grant programs. The Council's primary service area includes Chesapeake, Franklin, Gloucester County, Hampton, Isle of Wight County, James City County, Newport News, Norfolk, Poquoson, Portsmouth, Southampton County, Suffolk, Virginia Beach, Williamsburg, and York County. The Council is responsible for providing needed employment and training services to eligible program applicants.

These employment and training services are provided through several different arrangements, including services provided by One-Stop Operator staff, by contract, and by a referral process utilizing Individual Training Accounts (ITAs). ITAs are a "voucher-type" process by which the Council purchases needed vocational or academic training "off-the-shelf" from local private or public vendors offering commercially available training to the general public.

1. Any training that is funded must lead to **immediate** full time permanent employment opportunities in areas of high occupational demand within the local labor market.
 - a. Graduate level academic training will be limited to only those credits which are needed for a sponsored student to complete a graduate degree which has already been started. No more than 12 graduate credits will be funded. Any graduate credit that is funded must work towards a degree which can be completed within this 12-credit restriction.
 - b. Undergraduate level academic training will be funded only in situations where a minimum number of credits are needed to complete a degree program and attainment of the degree will further the individual's **immediate** employment prospects. A minimum number of credits is defined as forty-five (45) or fewer semester hours.
 - c. Short duration training such as seminars and workshops will not be funded. Short duration is defined as any activity such as a workshop or seminar lasting less than five (5) days or forty (40) class hours, unless specifically recognized and valued by the industry.
 - d. All training requests or training modifications are subject to the prior written approval of designated Council staff.
2. Performance Expectations: The minimum expected performance levels for LWDA #14 funded training serving WIOA participants, are as follows:

Training Completion Rate	65%
Credential Attainment Rate	65%
3. Recognized Postsecondary credential: This term means an occupational skills related credential consisting of an industry-recognized certificate or certification; a certificate of completion for a Registered Apprenticeship; a license recognized by the State involved or Federal Government; or, a college diploma, certificate, associate or baccalaureate degree. Credential documentation is required to be provided to the applicable Virginia Career Works System Staff, upon the successful completion of training.
4. Training is limited to Service Providers and Programs that are listed on the Council's Approved Individual Training Account Vendor List or the Commonwealth's Statewide List of Approved Vendors, as locally authorized.
5. Training funded by the Council is primarily limited to Service Providers whose office facilities are located within a 25-mile radius of the region, unless extenuating individual trainee circumstances exist and prior Council approval is granted.
6. Training that is funded must be fully completed on an on-going basis by the time allotted for a given program or within twenty-four (24) months, whichever is less.
7. Training that is not limited to a structured format (content/hours/dates), such as would occur under open enrollment at a community college, vocational school, or university, is expected to be attended on a full-time basis unless extreme circumstances apply.
8. All Council sponsored students attending Higher Education Act (HEA) Fund Granting Institutions must apply for HEA funding (e.g. Pell, etc.) prior to any final funding commitment by the Council. Any outside non-WIOA funding a sponsored student may be entitled to receive will be applied first to the total cost of the approved program. WIOA will only be responsible for any remaining balance after all other sources of funding have been applied. If a student refuses to apply for available grant funding, they will forfeit their opportunity to receive Council WIOA funding. Training funds must be leveraged to the fullest extent possible with other forms of Federal Financial Aid, such as Pell Grants, etc. for

those customers who have access to such and meet the qualification requirements. Tuition payments will not exceed the authorized rates for In-State Residents, where applicable.

9. Total funding for any individual or program will be limited to a **maximum** WIOA expenditure of \$8,000 for up to two (2) consecutive years of training in an approved program (or as amended). Due to the limited amount of total funding availability, and the ever-present demand for program services, the One-Stop Operator will be aggressively focusing its attention on training which is most affordable and cost effective. If the total cost of training is more than the amount of WIOA funding authorized, then the amount WIOA is sponsoring will be applied to cover the proportionate share of training time/expenses at the end of training. This means that all other funding sources (HEA grants, Pell, student loans, etc.) would be applied first. If a student drops-out before WIOA funding is scheduled to occur based on the training/mixed funding cycle, then WIOA funds may never be applied.
10. The Council will not be held responsible for any training expenditures that have not been pre-approved by the Council, or that are not specifically related to the mandatory training requirement of the sponsored program.
11. Travel, Mileage, Out-of-the-Area Job Search, and Relocation: The Council will not fund nor be held responsible for any participant travel or relocation expenditures or expenses which are not part of a specific program's mandatory course requirement. Any travel and/or relocation expenses which are incurred will be the sole responsibility of the individual participant.
12. Books: The Council will not accept financial responsibility for any books and/or supplies that are not directly related and specifically required as part of **the mandatory requirements** for any course(s)/curriculum the Council sponsored student is/will be attending.
13. Training opportunities and continued funding support are limited to funding availability.
14. The Council reserves the right to depart from any standard program processes or procedures on an individual case-by-case basis when such changes are in the best interest of the participant and/or program.
15. Prospective Council sponsored students are cautioned about making any personal commitments to a Vendor or signing any legally binding obligations. Any personal agreements that a student may enter into with a school beyond Council's standard procedures are by their very nature outside of Council's control, authority and responsibility.

HAMPTON ROADS WORKFORCE COUNCIL LIST OF POSSIBLE REASONS A VENDOR'S APPLICATION (Which Meets all Standard State/Federal Requirements) MAY NOT BE APPROVED LOCALLY

The Hampton Roads Workforce Council's policy governing the possible reasons a Vendor's Application may not be approved locally even if it meets all standard State/Federal requirements is as follows:

- Unsatisfactory performance outcomes for our funded participants over the last year.
- Documented customer complaints relating to current ITA Vendors seeking renewal.
- Programs that are new and have no track record of providing training services to any participants or programs that have been in existence for less than 1 year.
- Programs that cannot demonstrate any recent training activity in Hampton Roads during the last year.
- Programs that, based on a site visit, do not have the capacity to provide the proposed training.
- Unsatisfactory performance based on provider self-reported data for all students, not just those we may have funded.
- Programs for occupational areas not seen to be in-demand for our region or do not result in a competitive wage level leading to self-sufficiency.
- The Board determines the Vendor's application (or individual programs as cited) does not meet the local area's training focus or needs at this time.

AD HOC RECONSIDERATION PROCESS

HAMPTON ROADS WORKFORCE COUNCIL BOARD OF DIRECTORS

The Hampton Roads Workforce Council (HRWC) administers the Workforce Innovation and Opportunity Act (WIOA) of 2014 within the 15 local Hampton Roads jurisdictions that comprise Local Workforce Development Area #14 within the Commonwealth of Virginia and has the responsibility for selecting program providers for the Region from among various applicants.

It is the desire of the HRWC to voluntarily provide an informal process for any applicant who submits a proposal which is not selected or program contract that is not extended or ITA program that is not recertified for continued eligibility, to have the opportunity to request reconsideration of such action.

Therefore, the following process applies to proposals received in response to HRWC RFPs, ITA Applications and HRWC decisions to not extend a program contract or ITA program for an additional performance period, in accordance with the applicable RFP or ITA Application/ Vendor Agreement:

PROCESS STEPS

- 1) If a proposal is not accepted, a program contract is not extended or an ITA program is not continued, the HRWC Senior Director of Operations shall formally notify the applicant/program contractor/ITA Vendor of such action within five (5) workdays of the decision. Such notification will have attached thereto a copy of this process.
- 2) In the event the applicant/program contractor/ITA Vendor desires reconsideration of a proposal, a program contract extension decision or removal of an ITA program, such applicant/program contractor/ITA Vendor shall submit a written request for reconsideration to the HRWC Senior Director of Operations within five (5) workdays of notification of the decision.
- 3) Upon receipt of such written request, the HRWC Operations Officer shall within five (5) workdays of receipt of such, notify the Chairperson of the HRWC's Board of Directors (BOD). The Chairperson shall within five (5) workdays of such notification, appoint an AD HOC Committee to informally meet with the applicant/program contractor/ITA Vendor to discuss the request for reconsideration. In the case of youth proposals/contractors, most of the AD HOC Committee members shall be Youth Committee members.
- 4) The Chairperson of the AD HOC Committee, appointed by the HRWC BOD Chairperson, shall then set a time for a meeting with the applicant/program contractor/ITA Vendor, to be held within ten (10) workdays or as expeditiously as possible, thereafter.
- 5) Said meeting shall be informal, and be restricted to the AD HOC Committee, the applicant/program contractor/ITA Vendor and HRWC staff, as requested by the AD HOC Committee Chairperson.
- 6) The AD HOC Committee shall allow, under procedures to be set by the AD HOC Committee Chairperson, the applicant/program contractor/ITA Vendor to submit either orally or in writing, any additional information, as it relates to the applicant's proposal, contract extension decision or ITA program removal.
- 7) The AD HOC Committee shall report to the HRWC BOD Executive Committee at their next regularly scheduled meeting the result of any vote taken as to whether to recommend proposal/contract extension/ITA program removal reconsideration and the reason (s) for any such recommendation or to affirm the original decision.
- 8) The HRWC BOD Executive Committee shall consider such recommendation and act as it deems appropriate. Any such recommendation which results in the award of funding to an applicant's proposal or an increase in the original award amount of an applicant's proposal or the extension of a program contract shall be presented to the full HRWC BOD at its next regularly scheduled meeting, for action. ITA programs recommended for inclusion on the HRWC's Approved ITA Programs List may be added by the Executive Committee in between HRWC BOD meetings.
- 9) Nothing contained in this process shall create a right to funding or a right of appeal if the AD HOC Committee does not in its sole discretion, recommend that the applicant's proposal/ contract extension decision/ITA program removal be reconsidered by the HRWC BOD Executive Committee. **Note:** Applicants seeking resolution for a proposed ITA program(s) not being selected or removed by the HRWC **must first go through this local process before seeking resolution under the State Process.**
