1.2 Purpose of the RFP

Hampton Roads Workforce Council is issuing this RFP in accordance with Section 123 of WIOA in order to solicit proposals from qualified public or private entities to serve Out-of-School Youth for LWDA 14.

It is anticipated that approximately $1,300,000.00 will be available to fund contracts awarded under this RFP. **Applicants are cautioned that this amount is the best estimate of anticipated available funding and is subject to change.**

A contract awarded under this RFP will be operated with federal WIOA funds from the United States Department of Labor Employment and Training Administration (DOLETA), through Virginia Works, to Hampton Roads Workforce Council, through the City of Virginia Beach, Virginia, the designated Grant Recipient for Virginia Local Workforce Development Area 14.

All WIOA funded services must be delivered in accordance with the Final WIOA Rules and Regulations, related guidance from the Department of Labor, OMB Uniform Guidance on Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, Commonwealth of Virginia Laws and Regulations, and policies and guidelines set forth by Hampton Roads Workforce Council on behalf of the HRWC-BOD and CLEOs of the region.

1.3 Highlights of the Workforce Innovation and Opportunity Act

The Workforce Innovation and Opportunity Act (WIOA) was signed into law on July 22, 2014, and took effect on July 1, 2015. WIOA supersedes the Workforce Investment Act (WIA) of 1998 and amends the Adult Education and Family Literacy Act, the Wagner-Peyser Act, and the Rehabilitation Act of 1973.

Additional final federal regulations pertaining to various programs tied to WIOA have been released. However, proposals submitted in response to this RFP, and any final contract(s) negotiated with the successful proposer under this RFP, are subject to any additional rules, regulations and/or policies that may be issued by the applicable funding sources.

From a policy perspective, WIOA is designed to (a) help job seekers and workers access employment, education, training, and support services to succeed in the labor market and (b) to match employers with skilled workers they need to compete in the global economy. In passing WIOA, Congress reaffirmed the roles of the Workforce Development Boards and the One-Stop System as the cornerstones of the public workforce development system, and brought together and enhanced several key employment, education and training programs. The Workforce Development Boards collaborate with the Chief Local Elected Officials to set the policy direction for the workforce development system which includes the One-Stop System. The Virginia Career Works Centers are the direct service access points for job seekers, workers, and employers.

The Key Highlights of WIOA for the purpose of this RFP Include:

A. Serving Out-of-School Youth with Barriers to Employment: WIOA places a strong emphasis on serving eligible Out-of-School Youth (OSY) who face barriers to education, training, and employment. WIOA Youth program services are designed to help young people overcome barriers, achieve educational and employment goals, develop career skills, and successfully transition to postsecondary education, training, and/or unsubsidized employment. Proposers should demonstrate an understanding of the unique needs of OSY and the importance of individualized, participant-centered services.

B. Providing a Comprehensive Array of Youth Services: WIOA Youth programs are designed to provide a comprehensive array of services to support the educational, occupational, and personal development of eligible youth. Services may include individualized career planning and case management, tutoring and alternative secondary school services, occupational skills training, work experience, supportive services,

mentoring, financial literacy, entrepreneurial skills training, leadership development, and assistance with postsecondary education and training. Proposers should describe how their program will provide or coordinate services necessary to address each participant's identified needs and support successful outcomes.

C. Supporting Industry-Recognized Credentials and Career Pathways: WIOA emphasizes education and training that leads to recognized postsecondary credentials and employment in in-demand occupations. Proposers should demonstrate how their program will help participants identify appropriate career pathways and access education, training, and credentialing opportunities that are aligned with regional labor market needs and provide opportunities for meaningful employment and career advancement.

Proposers are strongly encouraged to consider these WIOA requirements and principles when developing their proposals under this RFP. Proposals should demonstrate a clear understanding of the WIOA Youth Program and the specific needs of eligible Out-of-School Youth, including the importance of individualized services, barrier reduction, career pathway development, work-based learning, credential attainment, employer engagement, and successful transition to education, training, and unsubsidized employment.

Additional information and updates pertaining to WIOA may be reviewed at the U.S. Department of Labor's WIOA resource page at www.dol.gov/agencies/eta/wioa.

Multiple contracts may be awarded under this RFP to provide services across the 16 jurisdictions comprising LWDA 14. The number of contracts awarded, the geographic areas served, and the amount of funding awarded will be based on the proposals received, the evaluation process, available funding, and the needs of the local workforce area.

This RFP does not commit Hampton Roads Workforce Council to accept any proposal submitted, make an award in every jurisdiction, or award the full amount of funding requested by any proposer. Hampton Roads Workforce Council is not responsible for any costs incurred by the proposer(s) in the preparation of responses to this RFP.

PROCUREMENT PROTESTS AND REQUESTS FOR RECONSIDERATION

The Hampton Roads Workforce Development Board (HRWC-BOD), the Workforce Development Board for Local Workforce Development Area 14 under the Workforce Innovation and Opportunity Act (WIOA) of 2014, has the responsibility for selecting program providers for the Region from among various applicants.

An applicant whose proposal is not selected may submit a written protest and request for reconsideration in accordance with the following process. Formal procurement protests shall be handled in accordance with applicable law, including the Virginia Public Procurement Act (VPPA), where applicable.

PROCESS STEPS

1. If a proposal is not accepted, the Hampton Roads Workforce Council (HRWC) shall notify the applicant or program contractor in writing of the decision and provide a copy of this process.
2. The applicant shall submit a written protest and request for reconsideration to the HRWC Senior Director of Operations. The request shall state the basis for the protest or reconsideration and the relief sought. For procurement awards subject to Va. Code § 2.2-4360, the written protest must be submitted no later than ten (10) days after the award or announcement of the decision to award, whichever occurs first. Any other applicable statutory deadline shall control where relevant.
3. Upon receipt of the written request, the Senior Director of Operations shall notify the Chairperson of the HRWC-BOD. The Chairperson shall appoint an ad hoc committee to review the request. In the case of youth proposals, most members of the ad hoc committee shall be Youth Services Committee members.
4. The ad hoc committee Chairperson shall schedule a meeting with the applicant within ten (10) workdays, or as expeditiously as possible thereafter. The meeting shall be limited to the ad hoc committee, the applicant, and HRWC staff, as requested by the committee Chairperson. The applicant may submit additional relevant information orally or in writing.
5. The ad hoc committee shall review the request and report its recommendation, including the reasons for the recommendation, to the HRWC-BOD. The HRWC-BOD shall consider the recommendation and issue or authorize a written decision stating the reasons for the action taken. The Executive Committee may act between Board meetings when authorized under applicable governance policies, with its action reported to the full Board at its next regularly scheduled meeting.
6. For formal procurement protests subject to Va. Code § 2.2-4360, HRWC or its designated official shall issue a written decision within ten (10) days after receipt of the protest. The decision shall be final unless the bidder or offeror appeals within ten (10) days after receipt of the written decision by invoking applicable administrative procedures under Va. Code § 2.2-4365, if available, or by instituting legal action under Va. Code § 2.2-4364. If the statutory deadline or procedure conflicts with the internal review schedule described above, the applicable statutory requirement shall control.
7. Nothing in this process creates an entitlement to funding, a contract award, or a contract extension. This process shall not waive or limit any rights or remedies available under applicable law.
